About Us:

Established in Chennai in 2019, D³ Interiors began with a simple vision—to create beautiful, functional, and long-lasting spaces for every client. Over the years, we have transformed that vision into reality by delivering projects with uncompromised quality, timely execution, and a strong focus on customer satisfaction. From our early days, we have successfully completed numerous interior works across homes, commercial establishments, retail stores, and corporate offices, earning the trust of clients through professionalism and attention to detail. Our Commercial Interior services cover a wide spectrum of solutions including false ceilings, wooden and vinyl flooring, glass doors, stylish wallpapers, blinds, storage units, electrical and lighting works, vinyl stickers, customised wallpapers, sofas, and more. We combine innovative designs with durable materials to create modern commercial spaces that enhance business productivity and aesthetics.

For Residential Interiors, we provide complete end-to-end solutions designed to bring comfort, elegance, and practicality into every home. Our offerings include modular kitchens, wardrobes with lofts, TV units, pooja units, vanity storage, bookshelves, cot with hydraulic storage, doors and windows, countertops, wallpapers, wooden and PVC ceilings, wall panels, shower enclosures, study tables, handrails, bunk beds, wooden partitions, dressing tables, 3D panels, customised décor items, sofas, curtains, terrace gardening solutions, and much more. Every design is thoughtfully crafted to suit the client's lifestyle and preferences.

Our expertise also extends to Office Interiors, where we create efficient, professional, and customizable work environments.
